Licensor shall provide a copy of the source code escrow agreement to Licensee within fifteen (15) days after execution of this Agreement, the terms and conditions of which must be acceptable to Licensee. Licensor shall pay all costs and fees payable to the escrow agent under the source code escrow agreement and shall not change the escrow agent or terminate, amend or modify the source code escrow agreement during the term of the Services Contract, without Licensee's prior written consent.

The license rights granted herein are subject to any restrictions and other terms contained in this Agreement. Any and all copies of the Software or Source Code made by the Licensee shall bear Licensor's notice of copyright, and any other restrictive legends contained in the Software and Source Code provided by Licensor. Except as set forth in Section 2.1.3 and 2.1.4, the Licensee shall have no rights to sublicense, sell or distribute copies of the Software or Source Code to any Third Parties other than to Users and/or Authorized Contractors, as provided in such sections. All Network Content and all property, data, information and materials furnished by or on behalf of Licensee or a Governmental Entity to Licensor to facilitate Licensor's performance under this Agreement or the Services Contract shall be and remain the sole property of the Licensee or such Governmental Entity.

Licensor shall bear all freight, shipping, handling and insurance costs for delivery of the Software and shall bear all risk of loss with respect to the Software, including any losses resulting from any damage to or destruction of the Software, in whole or in part, which may occur prior to Licensee's delivery of written notice of Acceptance to Licensor with respect to the Software.

### **SECTION 5. LICENSEE NOT REQUIRED TO ACCEPT OR INSTALL ENHANCEMENTS**

Licensor shall not condition any of the Licensee's rights and remedies, or the Licensor's obligations, under this Agreement or any other agreement related to the Software, on the Licensee accepting or installing any Enhancements or additional functionality provided by Licensor.

### **SECTION 6. REPRESENTATIONS, WARRANTIES AND COVENANTS**

**6.1** Licensor represents and warrants that during the Warranty Period, the Software (in whole and in part) shall: (i) be free from Deficiencies; (ii) conform to and operate in accordance with applicable Specifications; and (iii) be compatible with and interoperate fully and correctly with the Licensee Systems specified in Exhibit B. Licensor warrants that all media containing or relating to the Software furnished hereunder shall be free from defects in material and workmanship. During the Warranty Period, Licensor shall, at Licensee's request and at Licensor's sole expense, repair, correct or replace any Software that fails to comply with the warranties and requirements of this Section 6.1 promptly upon receiving notice of such failure from Licensee. In the event Licensor is unable to repair, correct or replace such Software to Licensee's satisfaction, Vendor shall refund the fees or other amounts paid for such Software within ten (10) business days after Licensee's request for such refund. The foregoing shall not constitute an exclusive remedy under this Agreement, and Licensee shall be entitled to pursue any other available contractual, legal or equitable remedies.

**6.2** Licensor represents and warrants that Licensor is fully aware of Licensee's business requirements and intended uses for the Software as set forth in the Specifications, and the Software shall satisfy such requirements in all material respects and is fit for such intended uses.

**6.3** Licensor represents and warrants that: (i) it is the owner or an authorized licensee of the Software, and any and all intellectual property rights in and to such Software, including, but not limited to, copyrights, trademarks, trade secrets, trade dress, and/or patent rights; (ii) it owns, possesses, holds, and has received all rights, permits, permissions, licenses and authority necessary to provide all Software to Licensee hereunder and to grant and convey the benefits, licenses and other rights granted or conveyed to Licensee and Governmental Entities hereunder without violating any rights of any Third Party; (iii) Licensor has not previously and will not grant any rights in the Software to any Third Party that are inconsistent with the rights granted herein; and (iv) Licensee and Governmental Entities shall peacefully and quietly have, hold, possess, use and enjoy all Software without judgment, disruption or interruption.

**6.4** Licensor represents and warrants that: (i) the Software (and all intellectual property rights therein or related thereto); (ii) Licensee's (and any Governmental Entity's) use of the Software in accordance with the terms of this Agreement; and (iii) Licensee's (and any Governmental Entity's) exercise of the rights, licenses and benefits granted or conveyed hereunder, do not and will not misappropriate a trade secret or infringe upon any copyright, patent, trademark, trade dress or other intellectual property right, proprietary right or personal right of any Third Party. Licensor further represents and warrants there is no pending or threatened claim, litigation or action that is based on a claim of infringement or violation of an intellectual property right, proprietary right or personal right or misappropriation of a trade secret related to the Software. Licensor shall immediately inform Licensee in writing upon becoming aware of any actual, potential or threatened claim of infringement or violation of any intellectual property right, proprietary right or personal right or misappropriation of a trade secret related to the Software. If such a claim arises or is likely to arise, then Licensor shall, at the Licensee's request: (i) procure for the Licensee and Governmental Entities the right or license to continue to use the Software at issue; (ii) replace such Software with functionally equivalent or superior Software free of any such infringement, violation or misappropriation; or (iii) modify or replace the affected portion of the Software with functionally equivalent or superior Software free of any such infringement, violation or misappropriation. In the event Licensor is unable to fulfill its obligation under (i), (ii) or (iii) above as requested, Licensor shall accept the return of the Software and refund to the Licensee all fees, charges and any other amounts paid by the Licensee with respect to such Software. In addition, Licensor agrees to fully indemnify, defend, protect and hold harmless the Licensee, Governmental Entities and their officers, directors, employees, officials and agents from and against any such claims as provided in the Indemnification section of this Agreement. The foregoing remedies shall be in addition to and not exclusive of other remedies available to the Licensee (and Governmental Entities) and shall survive termination of this Agreement.

**6.5** The Licensor represents and warrants that all Software provided under this Agreement which uses date data shall accurately process data, including but not limited to, calculating, comparing and sequencing from, into, between and among the nineteenth, twentieth and twenty-first centuries, including leap year calculations, integral calculations, day-in-year calculations, day-of-week calculations and week-of-year calculations; and not experience abnormal ending and/or produce invalid or incorrect results in the operation of the Software. If the Software is to perform as a system with other hardware and/or software, then this warranty shall apply to the Software as it processes, transfers, sequences data, or otherwise interacts with other software, hardware, components or other parts of the system, provided that such other software, hardware, components or parts do not fail to meet any applicable requirements of this Section 6.5. The remedies available to the Licensee for breach of this warranty include, but are not limited to, repair or replacement of non-compliant Software. Nothing in this warranty shall be construed to limit any rights or remedies of the Licensee under this Agreement with respect to Deficiencies in the Software other than data processing compliance.

**6.6** The Licensor represents and warrants that all Software and Enhancements do not and shall not as delivered or provided by Licensor contain an anti-use device, a disabling device, lockup program, a so-called "time bomb" or "drop dead" device, "back door," instructions, contaminants, viruses, Trojan Horses, worms, cancelbots, or any

other mechanism, code or computer programming routine that will disable, damage, impair or impede, lock-up, alter, halt, abnormally end, surreptitiously intercept, expropriate or interfere with the Software, Licensee Systems or any data or information of Licensee. Licensor further represents and warrants that all Software and Enhancements do not contain any other programming or device of any kind that would allow unauthorized access to the Software by Licensor or any other person or any Third Party. Licensor covenants that it will not under any circumstance, including enforcement of a valid contract right, (i) install or trigger a lockup program or disabling device, or (ii) take any similar step that would in any manner interfere with Licensee's authorized use of the Software or Licensee's use of Licensee Systems, or restrict Licensee from accessing its data files or in any way interfere with the transaction of Licensee's business. For any breach of this provision, Licensor shall, immediately after receipt of notification of the breach, cure the breach to Licensee's satisfaction, including, without limitation, repairing, at Licensor's expense, any damage done to the Software or Licensee Systems or any other property.

**6.7** Licensor represents, warrants and covenants that it has complied with, and shall comply with, all applicable federal, state, local and international laws, rules, regulations, codes, orders and ordinances in connection with its performance of this Agreement.

**6.8** Licensor represents and warrants that it has no interest and shall not acquire any direct or indirect interest that would conflict in any manner or degree with the performance of its obligations under this Agreement.

**6.9** Licensor represents and warrants that the Software and the license, functionality and other rights granted hereunder comply with, and shall comply with, all applicable federal, state, local and international laws, rules, regulations, codes, orders and ordinances in effect as of the date of this Agreement, including applicable provisions of Section 508 of the Rehabilitation Act of 1973, as amended, and all standards and requirements established by the Architectural and Transportation Barriers Access Board and the Iowa Department of Administrative Services, Information Technology Enterprise.

6.10.2 Within 30 days of Licensor's execution of this Agreement, Licensor will provide to Licensee a process and methodology for conducting a thorough review of all of the Software and Enhancements, and all related Source Code, to determine whether any Public Code has been incorporated or written into the Software or Enhancements. Licensee will provide notice to Licensor of its acceptance or rejection of the process and methodology within 14 days after receipt of Licensor's proposed process and methodology. Upon receipt of Licensee's notice of acceptance, Licensor will conduct and complete such review within 120 days from the date of Licensee's notice of acceptance of the process and methodology for review. To the extent Licensor's review establishes that Public Code has been incorporated or written into the Software or Enhancements, Licensee may, in its sole discretion, request that Licensor develop and propose a detailed plan of remediation, including a deadline for implementing such plan, for review and approval by Licensee. To the extent Licensee requests and approves any such plan, Licensor shall remediate any affected Software and Enhancements in accordance with the plan and within the deadline approved by Licensee. Licensor represents, warrants, and covenants that any remediation plan proposed by Licensor will not in any manner adversely affect the functionality or Licensee's use of any of the Software or Enhancements for which remediation is proposed or implemented. This Section 6.10.2 shall not be construed as a waiver by Licensee of any of its rights to enforce Licensor's obligations under Section 6.10.1, and Licensee shall have no obligation to request or approve any plan of remediation proposed by Licensor.

**6.11** Licensor represents, warrants and covenants that all Documentation will accurately reflect the operation of the Software or other Deliverable(s) to which the Documentation pertains and will enable the Licensee, assuming a reasonable level of competency, to use the Software fully and completely, and upon receipt of Source Code, to modify and maintain such Deliverables. Documentation provided for Third Party hardware and Third Party software shall be that limited to that which is available from the Third Party provider.

**6.12** Licensor's warranties provided in this Section 6 are in addition to and not in lieu of any other warranties provided in this Agreement. All warranties provided for in this Agreement shall be cumulative, shall be deemed consistent and not in conflict, are intended to be given full force and effect and to be interpreted expansively to give the broadest warranty protection to the Licensee.

**6.13** Notwithstanding anything to the contrary in this Section 6, in no event shall Licensor be liable under this Section 6 for any unauthorized modifications or enhancements made to the Software by Licensee, a Governmental Entity, or an Authorized Contractor. Licensee acknowledges that no warranty is provided with respect to any such modifications or enhancements to the Software and/or the Source Code made by Licensee, a Governmental Entity, a Third Party, or an Authorized Contractor.

## **SECTION 7 TERMINATION**

**7.1 Termination by Licensee for Cause.** The Licensee may terminate this Agreement, without penalty: (i) upon written notice for the breach by Licensor of any material term, condition or provision of this Agreement, if such breach is not cured within the time period specified in the Licensee's notice of breach (in any event not less than ten (10) calendar days of the date of Licensee's notice of breach or any subsequent notice delivered by Licensee to Licensor), provided that cure is feasible; or (ii) for any reason specified in Section 10.1 of the Services Contract upon providing any applicable written notice and any opportunity to cure that may be required pursuant to that Section. Upon termination of this Agreement by Licensor in accordance with this Section 7.3, Licensee will return the Software to Licensor or will certify in writing to Licensor that it has destroyed all copies of the Software. Except as expressly provided in this Section 7.3 and notwithstanding any other provision of this Agreement, Licensor shall not be entitled to terminate this Agreement or revoke the license and other rights granted herein.

**7.4 Limitation of the Licensee's Payment Obligations.** The Licensee (and Governmental Entities) shall not be liable, under any circumstances and regardless of termination of this Agreement, for any of the following:

Licensor agrees to return any and all Licensee Property and all copies thereof received, collected, accessed, maintained, created, or used in the course or performance of the Agreement in whatever form it is maintained promptly at the request of Licensee. In the event that Licensor receives a request for access to any Licensee Property, Licensor shall immediately communicate such request to Licensee for consideration and handling. Licensor shall indemnify Licensee in the manner provided for indemnification elsewhere in this Agreement for a violation of this section. In the event of a breach of this Section, the Licensee may terminate this Agreement immediately without notice of default and opportunity to cure. Accordingly, and without prejudice to any other remedy available to the Licensee, the Licensee will be entitled to injunctive relief. Licensor's obligations and Licensee's remedies under this Section 9.2.1 shall survive termination of this Agreement.

Licensee's disclosure. Licensor acknowledges that the Licensee is subject to Iowa Code Chapter 22 and other laws, rules and regulations governing public records. If a request is made to view or otherwise access Licensor's Confidential Information pursuant to such laws, rules or regulations, the Licensee will promptly notify Licensor of the request. Subject to the foregoing, the Licensee will use reasonable efforts to protect Licensor's Confidential Information provided such information can reasonably be determined to constitute a confidential record under Iowa Code Section 22.7 or other applicable laws, rules or regulations. In the event the Licensee reasonably determines that such information is not a confidential record, the Licensee may release such information unless Licensor files an action in Polk County District Court to prevent the release of the requested information within ten (10) days of receiving notice from the Licensee. For purposes of this Section 9.2.2, the source code for the Software shall be considered Confidential Information of Licensor.
